

PRICING POLICY

It is the policy of First Aid Awards to maintain a pricing structure that is:

- Fair and appropriate
- Clear and transparent, with no hidden extras
- Value for money for Centres, recognising their need to be commercially competitive

PRICE LIST

All prices shown are VAT exclusive and a standard rate of 20% must be applied

APPROVED CENTRE REGISTRATION FEES:

FEE

Registration Fee (Includes £250.00 for Initial External Quality Assurance Visit) £ 340.00

It is a quality assurance requirement that Centres have an External Quality Assurance visit within 3 months of being awarded FAA Approved Centre status. For Centres wishing to offer SQA Accreditation qualifications, the quality assurance visit will need to be undertaken prior to awarding any SQA Accreditation certification.

ONGOING QUALITY ASSURANCE FEES:

FEE

External quality assurance (EQA) visit £ 250.00

Desktop quality assurance FREE OF CHARGE

The FAA quality assurance procedure alternates between on-site EQA visits and desktop audits on an annual basis. FAA will conduct an on-site EQA visit shortly after Centre registration which is included in the registration fee. A year after registration the Centre will be required to complete a desktop audit which is conducted by FAA free of charge and will then alternate between on-site EQA visits and desktop audits for the lifetime of your Centre registration.

Ad hoc EQA visits may also be required should a need be identified during routine quality assurance procedures. The Centre will be informed of the fee and reasons for the visit in advance.

Please note if an EQA visit is cancelled within 5 working days of the proposed visit then the full fee will be maintained by FAA.

INDEPENDENT PANEL APPEAL REVIEW

Should a Centre wish to appeal against a decision made by FAA a fee of £200 is payable upon lodging the appeal.

This fee will be refunded should the appeal be upheld.
